### **About us**

***As pioneers in mining and metals, we produce materials essential to human progress.***

Our long history is filled with firsts. We've developed some of the world's largest and best quality mines and operations, and our people work in around 35 countries across six continents. Aluminium and copper, diamonds, gold and industrial minerals, iron ore, coal and uranium: our materials make up the world around us. You'll find them in smartphones, planes, cars, hospitals and throughout your home.

### **Creating an inclusive and diverse workforce**

We are a diverse team of talented, enthusiastic individuals who foster a culture of inclusion. No matter how they may differ, our people share one thing in common. It's a belief that work is more rewarding when we are accepted and valued for our differences, not judged by them. We all have something to contribute, and it's this contribution that makes for a great organization and fulfilling career.
